Before You Begin

Read all instructions before beginning project. Do not pre-wash fabrics. Press fabrics with a dry iron on cotton setting before cutting. Use a ¼ in (6.35 mm) seam allowance and sew fabrics with right sides together (RST) unless otherwise noted. Press seams in the direction of the arrows. wof = width of fabric

Note: A printed panel may become slightly skewed during the finishing process. Check if panel is square before cutting by folding the panel so selvages meet. If all edges do not meet, pull firmly from corner to corner until the edges meet. Continue until all corners are square.
