Before You Begin

Read all instructions before beginning project. Do not pre-wash fabrics. Press fabrics with a dry iron on cotton setting before cutting. Use a ¼ in (6.35 mm) seam allowance and sew fabrics with right sides together (RST) unless otherwise noted. Press seams in the direction of the arrows. wof = width of fabric

Note: A printed panel may become slightly skewed during the finishing process. Check if panel is square before cutting by folding the panel so selvages meet. If all edges do not meet, pull firmly from corner to corner until the edges meet. Continue until all corners are square.

Use a rotary cutter and ruler to cut the size and number of squares and rectangles from each fabric listed below.

Finishing

- Remove the selvages from the Gingham Backing fabric.
Note: Check orientation of design. Cut two pieces 38 ¼ in x 76 in (97.15 cm x 193.04 cm). Pin the two sections RST and sew along the long edges as shown in Diagram K. Press the seam open or to one side. The Backing should measure 76 in x 76 in (193.04 cm x 193.04 cm).
- Press finished Quilt Top and Backing. Tape the Backing, **wrong** side up, to a firm surface. Layer Batting and Quilt Top (right side up). Baste the layers together with safety pins. Quilt as desired.
- Once quilting is complete, square up corners and edges, trimming excess Backing and Batting even with the Quilt Top.

- Binding** – Follow Diagram L to make the Tractors Binding. Remove selvages and sew the short ends of the seven 2 ½ in (6.35 cm) x wof strips RST end to end at a 45° angle to make one continuous strip; press seams open. Press one short end ¼ in (6.35 mm) to the **wrong** side. Fold in half lengthwise with **wrong** sides together; press. Leaving a 2 in (5.08 cm) tail on the folded end, place cut edges of folded Binding even with the edge of the Quilt Top and sew, mitering the corners. Overlap ends, trim any excess and finish sewing the Binding. Fold Binding over to back and hand stitch.
